

BEARDEN HILL VETERINARY CLINIC &
WEST BEARDEN VETERINARY HOSPITAL
Surgery Drop-off Form

Pet's Name _____ Owner's Name _____ Date _____

Phone Number(s) where you can be reached today _____

Reason for visit _____

Special Instructions _____

Before putting your pet under anesthesia, we will perform a full physical examination. However, many conditions, including disorders of the liver, kidneys, or blood are not detected unless blood testing is performed. Such tests are especially important before any type of surgery. For these reasons we highly recommend **pre-anesthetic blood screening** before each procedure. Our facility is fully equipped and staffed to perform these tests. Results will be immediately available to examine before anesthesia and/or surgery.

*Would you like your pet to have **pre-anesthetic blood screening** (\$63.24)? **YES / NO**

X _____

If your pet is here for a dental cleaning please be aware that some teeth may need to be removed due to rot and decay. If so, there will be additional charges for extractions and added anesthesia time.

Please notify one of our staff members if your pet has been acting ill or had any episodes of vomiting or diarrhea in the days leading up to surgery. Unless otherwise noted, most surgeries are ready to go home the same day no earlier than 3:00.

I have read and understand the above.

X _____

Your pet's health is always our greatest concern. Please don't hesitate to ask one of our staff members for more information or clarification on the statements above or your pet's procedure today.

Thank you for trusting our clinics and staff!
